NEW BUSINESS
Greater Palouse Meat Producers Feasibility Study – Project Application
- Jacqui Gilbert introduced the new project proposal for the “Greater Palouse Meat Producers Feasibility Study” and provided some background on the information collected to-date by Darin Saul and other interested parties.
- Ann Bowes presented an overview of the Project’s goals and provided an explanation of the need for the establishment of a USDA-inspected facility in the greater Palouse area, as well as the purpose of the proposed feasibility study.
- Jacqui described how the project would be using the Clearwater Economic Development Association’s (CEDA) grant writing services for an approximately $7,000 Rural Business Enterprise Grant and that CEDA would be administering the grant. The grant application would require additional cash match funding in the amount of $5,000. Jacqui explained that for CEDA to begin their work, the Project is requesting an initial $500 from the Council, in the form of a letter of commitment, and that the Project has until March 10, 2014 to secure letters of commitment for the $5,000 cash match.
- Jacqui explained that in order to accept the additional match funding, the Project is requesting the fiscal sponsorship services of the Council.
- Ken Roberts moved to approve the “Greater Palouse Meat Producers Feasibility Study” Project Application, as presented. Ivy Dickinson seconded. Jacqui Gilbert abstained. Motion passed.
- Ann and Jacqui provided some additional explanation on the time constraints of the grant process, as well as some clarification on the relationship between the Project, the Council, and CEDA.
- Ken Roberts moved to approve the donation of $500 to the Project to allow for CEDA to write the grant application. Tom Lamar seconded. The motion was opened up for questions and discussion.
- Bob Tippett inquired about potential site locations and the Project’s probability of success in securing the additional $5,000.
- Jacqui and Ann provided additional information on the communication strategy that will be implemented in order to gain letters of commitment.
- The Council agreed that the timing constraints were a concern regarding the Council’s donation and that the Council would prefer to have the letters of support in hand prior to making the $500 donation.
- The motion was called to a vote. The motion failed by a unanimous “no” vote.
- Bob Tippett moved to approve the donation of $500 to the Project, making the $500 contribution contingent upon the Project successfully gaining letters of commitment for the additional $5,000 cash match by March 10, 2014. Malcolm Dell seconded. Jacqui Gilbert abstained. Motion passed.
- The Council agreed to discuss a Fiscal Sponsorship Agreement at a future meeting, dependent upon the grant application being submitted and the need for the Project to begin accept donations.

**Project Application Form - Renewals**
- Drew Blankenbaker presented the updated Application Form and reviewed the changes made to the form, as requested by the Council at its January 30, 2014 meeting.

- Drew provided a plan of action for how the Committee will be developing recommendations for the Council’s future approval.
• The Council reviewed the draft Financial Policies and Procedures document, as prepared by the Financial Review Committee, including the Purpose, Composition, Schedule, Cash Disbursements, Invoice Approval & Processing, and Debit Cards sections.

• The Council agreed that the revised Invoice Approval & Processing section was necessary to maintain the efficient and effective operation of the Council and that the Financial Review and Executive Director should proceed with operating under the new procedures, as presented.
